### WHAT IS PERIOD POVERTY?

Period poverty is a lack of access to menstrual products, education, hygiene facilities, waste management, or a combination of these. It affects an estimated 500 million people worldwide.

- 1 out of 5 girls drop out of school after they start menstruating in India.
- More than one in four (26.7%) adolescent girls miss school due to menstruation in Nepal.
- 1 in 10 girls in Africa miss school because they don't have access to menstrual products or because there aren't adequate toilets to use at school.
- There are an estimated 16.9 million people who menstruate living in poverty in the United States.
